

WILLIAM JEFFERSON CLINTON

October 24, 2011

Dr. Raimund Lammersdorf  
Executive Director  
Amerika Haus Munich  
Karolinenplatz 3  
80333 München  
GERMANY

Dear Dr. Lammersdorf:

In 2002 I visited the Amerika Haus in Munich and, with the help of my good friend Rüdiger Löwe, had the great privilege to speak with young Bavarians about the political, economic and social challenges of the future.

It was a remarkable conversation, and one that couldn't have happened without the six-decade commitment of Amerika Haus to deepening relations between the people of Germany and the Americas.

As our world becomes more and more interdependent, cultural and educational institutions like Amerika Haus are vital to building the partnerships and communications we'll need to address our most pressing international issues.

I wish you and Amerika Haus Munich all the best for the future.

Sincerely,

*Bill Clinton*
